Broadcasting/streaming

The whole performance will be broadcast : either live or broadcast later on (among other national clips), for a period of at least one week, in a loop of continuous streaming, which is to say, it will be on, several hundreds of times. Afterwards, the set will remain in our pages in the original language. A video DVD, as well as a Blu-ray (HD Definition) of the performance will be sent during the week after the programme (do not forget to leave your postal address on the day of the programme). If requested, an Audio CD of the live stereo mixing can also be made, for free. It will be possible to get the Audio recording in 24 tracks (in that case, remember to bring a hard disc on which the files can be recorded, if necessary, count between 30 and 50 Go, since the files will be rather heavy, for they are not compressed in WAV 96 Khz 24 bits/32 bits floating). If necessary, the « MP 3 » files of the band tapes, and the visuals, can be sent to us early enough in advance, so that they can be printed.

NANCY-WEBTV is financially managed by

*The french Association (1901 law) for the international Development of Expression and of Communication
It was registered at the « prefecture » of Meurthe & Moselle, on June 19, 1984 under the number N°6707

Schedules

The studio appointment is at 2 PM (or a bit earlier if possible) for a live programme starting at 4 PM. Same schedules for a non-live programme, unless prior agreement. Presentation of the artist, open questions/answers... what your plans are, what is new in your life... (count 10 minutes). The whole programme cannot exceed 60 minutes, if possible ; another programme will follow the one dedicated to you, and thus, your programme will be better quality !

Technical-details

The set is covered by 6 movie-cameras (HD, motorized or centered ; all the equipment (sound and lights) is available in our studio (mikes, returns, etc...). The musicians need bring only their personal instruments (with respective amps) and their talent ! A useful hint for the drummers : the ground is wall-to-wall carpeted, so it is not necessary to bring a carpet or non-slippery flooring. If you have a plan of stage (lay-out, technical connections, various connections), this plan must be given to the President : claude.fourcaulx@gmail.com . The lights need the use of fog : in our studio. we use a fog machine (this fog is made out of water, which causes no respiratory problem) ; we do not use a smoke machine with oil, which may cause health discomfort. For security reasons, no audience are admitted into the studio; come un-accompanied, unless prior request. Thank you.

Authorization for under age child

The father, mother, or person responsible for a minor who is going to be filmed on the set of NANCY-WEBTV, must hand out a handwritten document, dated and signed, authorizing the image of the child to be broadcast on our website : <http://www.nancy-webtv.com> and <http://www.nancy-webtv.fr> , live and then a recording of it later on.

Cogyright and licence

NANCYWEBTV, which functions under the licence « CREATIVE COMMONS » AttributionNonCommercial-ShareAlike 4.0 international (CCBY-NC-SA 4.0), acts as producer and remains the owner of the work, recorded and broadcast ; so is the artist. This work can be used according to the terms of the Licence Creative Attribution – no commercial use ; sharing under the ShareAlike 4.0 International. On 21 March 2012, we got the authorization, from the Internet cell of « SACEM », to put our service in line, without any cost or tax. Our economic model is associative and does not make any advertising profit : besides, the work which is broadcast is not entirely under SACEM 's repertoire.

Payment

As this contract is an « exchange-of-merchandise contract », it does not allow the producer nor the artist to get any wages. This document is in no way a work contract, as there are no wages nor refund of any cost, either for the producer or the artist.

Promoting

Before, and after, each concert or programme, we send a letter to over 4,000 people (specialized press, organizers of concerts and festivals). This newsletter gives the weblink (podcast) which enables you to view, at first, the entire performance in streamings live, then to watch it in video, if asked.
